kisses here, kisses there  
send me flowers from everywhere

a stranger's hug  
it's never enough  
can't get away from this fluff

give me a poke, slip me a note  
give me attention till I overdose

what if I don't want to tag along  
would you leave me here all alone?

in a world full of lies  
your friends  
are never there with you face to face
